INTERNSHIP:

Application for the internship program is usually competitive. Normally we give some preference to those who apply as juniors for a senior year internship (assuming a typical 4-year graduation trajectory). If you will not be a senior next year (or will not be graduating next year), what is your major reason or justification for applying this year, rather than next year?

What general area, agency, or kind of organization would you like to be involved with in Washington? Please try to briefly describe the kind of work environment that you prefer. If you have a specific organization or agency in mind, please indicate which one(s).

ESSAY:

Write a brief issues essay (approximately 500 words, double spaced). Reflect on a key issue related to your professional field of interest, demonstrating your written communication skills to prospective internship site supervisors. Examples of issues essays can be seen [here](#).

NOTE: This essay is an important part of the application process. It should be neatly typed, proofread, and thoughtfully written. A sloppy essay is sufficient for immediate disqualification.

APPLICATION SHOULD BE SENT BY EMAIL TO DR. GREEN OR BY REGULAR MAIL TO:
